

## California's Language Concordance Mismatch

**Across all counties in California, SPANISH and LAO are the most under-represented language groups in the physician workforce.**

<b>Language</b>	<b>Average physician rate per 100,000 population</b>
Vietnamese	5,563
Thai	1,897
Tagalog	1,610
Spanish	959
Lao	500

**Average physician rates per 100,000 LEP population for all counties in California.**
